Certi Green
Encapture Carpet Cleaner
With Hydrogen Peroxide

Certi Green Encapture Carpet Cleaner is designed with innovative polymer technology and combined with hydrogen peroxide. This revolutionary new idea in carpet cleaning that is safe for use on most synthetic carpet surfaces. It cleans most stains due to the hydrogen peroxide power, freshens and deodorizes all in one step and leaves behind no residues.

This product is fortified with hydrogen peroxide which is great to clean organic stains, dye stains, blood stains, eliminates pet stains and malodor odors.

Certi Green Encapture Carpet Cleaner will encapsulate soil particles and later can be extracted by vacuuming. Vacuuming will also remove all dirt attracting soil residue left behind allowing the carpet stay clean longer. It is not recommended for use on wool carpet.
